## Introduction

---

Welcome back, my friends!

Due to the popularity of my last work, "Volo's Guide to Baldur's Gate", I have returned again to the Sword Coast to shed light on some of the mysterious tales that can be overheard in the dark pubs across the region. Poor lighting, cold meals and stale brews were no match for my relentless pursuit of literary material. Not a few hard-earned coppers were required to pry open hesitant mouths and grease dry tongues. In the end, I am certain that ye will find a work up to the highest standards of the "Volo's Guide" series. In thy service, as always!

Volothamp Geddarm

A task I'm sure ye relished, my hedonistic friend. Perhaps ye would be advised to keep more to the facts and less to the ale pot - and then we would all be wiser.

## About Tales of the Sword Coast

---

Tales of the Sword Coast is an expansion for the game Baldur's Gate.

You *must* own Baldur's Gate and currently have it installed on your PC to play. However, Tales of the Sword Coast is not a new chapter in the saga of Baldur's Gate; rather, it is literally an expansion of the game world which increases the number of areas available to explore and adventure through. Because of this, Tales of the Sword Coast is played within the Chapters of Baldur's Gate.

If you have not completed the original game of Baldur's Gate, you will notice very little difference initially after installing Tales of the Sword Coast. New adventure areas will become available, but you will have to find them first.

If you have already completed the original game, you will start adventuring with your last save game file (and party) in the town of "Ulgoth's Beard", having traveled there from the city of Baldur's Gate. The new adventure areas can be accessed through Ulgoth's Beard. You may return to Baldur's Gate (or adventure in any of the other areas of the original game) at any time, but be warned: the game state remains set at just PRIOR to the final big battle in the original game. What this means is that if you return to Baldur's Gate, you may find that there is someone waiting for you...

Your previous saved games will be affected by installing this expansion. However, a simple utility has been included with Tales of the Sword Coast™ to update your save game files. For Multiplayer games all players must either have the expansion or not have the expansion installed. A game in which some players are using Tales of the Sword Coast and some are not *will not connect*.

## Getting Started

---

To play Tales of the Sword Coast (TSC) you must have Baldur's Gate installed. If you don't have Baldur's Gate installed you must re-install your copy of the game. Refer to the Baldur's Gate manual for installation instructions.

With Baldur's Gate installed, insert the TSC CD into your CD-ROM drive and follow the onscreen instructions. If your Autorun is not enabled, click on the icon representing your CD-ROM drive under 'My Computer'. This will bring up a listing of the files on the TSC Disc. Find AUTORUN.EXE and double click to start the launch application.

**After installing the game,** other options will be available on the launching menu:

**View Readme** The Readme file contains last minute information and changes that could not be printed in this manual. Please take the time to view the Readme file if you are having any problems with this product.

**Register** Please take a minute to register Tales of the Sword Coast with Black Isle Studios. Your feedback is appreciated and will put you on the mailing list for special offers and game promotions.

**Exit** This will close the launch window.

**View Demos** Demos of other Black Isle Studios products have been included with Baldur's Gate. Please see the Readme file for descriptions and instructions on how to run them.

**Configure** The hotkeys and some other settings used while playing Baldur's Gate and TSC can be modified using this utility. Select the hotkey you would like to change and enter the new hotkey assignment, or modify the value shown.

**Play** After you have everything set, click on the Play button to begin playing. After viewing the logo and introduction movies, you can select to load one of your previous save files from Baldur's Gate or you can begin a new single or multiplayer game.

**To start playing again later,** select the Baldur's Gate application from the Black Isle Studios program group in your start menu.

**Uninstall** When you're ready, the Uninstall option will clean up everything except your saved games and game cache.

## Playing Tales of the Sword Coast

---

After you have installed Tales of the Sword Coast (TSC) on your system, there is no distinguishing between Baldur's Gate (BG) and the expansion. The new areas, quests, items, and everything else that TSC adds are merged seamlessly into the existing world of BG on your PC.

There are three different scenarios in which you can start to play the game:

- 1) You are starting a new game with TSC installed.
- 2) You have a save somewhere in the middle of a game of BG that you will be playing.
- 3) You have beaten BG and have the final save game.

**Starting a new game.** If you are starting a new game, there is no difference between your new TSC game and a new BG game. Refer to the sections on character creation, classes, races, etc in the BG manual.

**Continuing an in-progress Save.** After you have installed the expansion, load up your save game just as you did while you were playing BG. All of the new things in TSC are added into the world and you will have the option of completing those quests and exploring those areas when you arrive there.

**Using a Save where you have beaten the game.** If you have beaten the original game, BG saves a 'final save' prior to the final battle. Loading this final save game will put you back into the game world, but things have changed slightly. First, it is still Chapter 7 and you have not yet completed the game. Second, the world has all of the TSC changes made to it. You will start in Ulgoth's Beard, having adventured there from Baldur's Gate. You can return to BG at any time. At some point you will want to beat the game again. We have made the ending more interesting, challenging, and more rewarding.

## Where are These New Areas?

If you wish to get to the new adventure areas right away, you can find directions on your TSC CD in the text file titled "New Areas.TXT". Otherwise, you can adventure around and try to find them naturally.

*Personally, I prefer the open road to obtain my scholarly information. — Volo*

## Interface and Rules Changes

The majority of the interface in Baldur's Gate has not been changed in Tales of the Sword Coast. However, there have been a few tweaks to how things work in the game. There were also some unmentioned features in Baldur's Gate, or things that were added through patches that we feel should be mentioned here.

## Unmentioned Features in BG

### Quick Save

You can quickly save your game just by hitting the 'q' key on your keyboard. This is much less disruptive than going through the Options menu to save your game. Your Quick Save is always saved in the same slot, which is labelled as such.

### Support for increasing the path searching AI

Some people have had problems with their party members getting lost (or stuck) when trying to move the party as a group. We have already improved this with TSC, however you may decide to adjust the settings further. In the Configure utility there is a box for path search nodes.

To increase or decrease the AI, vary the number of Nodes (beyond 4,000). The range can vary from 2,000 to 32,000. Increasing the number above 4,000 will increase the number of nodes in path searching at the expense of responsiveness to movement commands (i.e. your characters will react slightly slower because they are 'thinking' a little bit longer about how to get to where you want them to go). Note that unless your machine is slower than a P2 you can probably set the value to 32,000 and not notice any speed difference.

### Starting Gold

The starting gold for your character is random within a range defined by your character class, per **Advanced Dungeons and Dragons®** rules:

Character Class Group	Die Range	Range of Results
Warrior	(5d4) x 10gp	50gp - 200gp
Wizard	(1d4 + 1) x 10gp	20gp - 50gp
Rogue	(2d6) x 10gp	20gp - 120gp
Priest	(3d6) x 10gp	30gp - 180gp

Multi-class characters use the most advantageous die range of their classes. If your character is a mage/thief, the starting gold would be 2d6 x 10gp.

### Party Order

To change the order of the characters in your party, drag and drop their character portraits to exchange them in the party order. For example, to switch the order of "Char1" and "Char2" left click on Char1, continue to hold down the mouse button and move the cursor over the portrait of Char2. Release the mouse button and Char1 and Char2 will change places.

## Changes to the Baldur's Gate game after installing Tales of the Sword Coast

### Area Effect Spells

All area effect spells have been altered so they only affect people still within the area of effect when the spell triggers (for example, it is now possible to run out of the blast radius of a *Fireball* spell as it is exploding). You will only take damage if the fire actually hits you.

*Quick feet and an alert mind will often make the difference between dashes and ashes — Volo*

### Autopause

There is now an option for the game to automatically pause whenever an enemy is sighted.

### Character Hotkeys

Pressing character hotkeys will center the screen on a character if the character is already selected.

### Inventory Autostacking

Items added to a character's inventory will automatically stack with other items of the same kind.

### Item Status

Unidentified magic items are now tinted blue. When opening containers (chests, sacks, etc) any items not usable by the character opening the container will be tinted red – as they were in the inventory and shop screens in BG.

### Projectiles

The speed of all projectiles (normal and magical) has been doubled to reflect more realistic travel times.

### Quick Load

For single player games ONLY, hitting Ctrl-L will allow you to quick-load your last save game file.

### Save Game Status

Saved games will now also record the state of NPC AI (on/off) and text panel size.

### Stealth/Backstabbing

A thief's ability to hide in shadows and move silently (stealth) will be affected by the presence (or absence) of shadows.

Additionally, a thief's ability to backstab an opponent on the first attack while in stealth mode now requires the thief to be behind the target.

*Perhaps those with shadowy business would best stick to shadowy places. – Elminster*

### World Map

The world map has been altered slightly to make possible the connections with the new areas in the game. Its use has not been changed. However, tool tip help on the World Map now shows traveling time (in hours) between locations.

## 12 Character Bottom Buttons

The five class-based buttons at the bottom of the screen have been changed so that more character classes have two Quick Weapons.

Class	Slot 1 (F3)	Slot 2 (F4)	Slot 3 (F5)	Slot 4 (F6)	Slot 5 (F7)

## Experience and Gaining Levels

Baldur's Gate has a limit on the amount of experience that a character can achieve during the course of the game. This was set at 89,000 experience points which allowed character classes to advance as high as 7th or 8th level depending on their class. This limit is being raised in Baldur's Gate to 161,000 experience points. This will allow you to go up at least one level, depending on your class, with TSC installed. Please refer to the experience point tables at the end of this manual for specifics by character class.

## Roger Wilco™

Tales of the Sword comes with Roger Wilco™ voice communication software that allows you to talk to your friends over the Internet while playing Baldur's Gate and TSC multiplayer. You will have the option to install Roger Wilco when installing TSC for the first time, or you can go back and install it later. See the readme file for more details on configuring Roger Wilco to work with your computer.

## Higher Level Spells

---

For your convenience we have included all level 4 and 5 spells for both priests and wizards rather than just the new spell entries. Level 1 through 3 spells remain unchanged.

*Much of this learning lies beyond my personal practice, but we are fortunate that I can make reference to my more comprehensive work "Volo's Guide to All Things Magical" (available in discerning bookeries throughout the Realms). *One wonders why, when practitioners such as thyself are about. — Elminster*

## Mage Spells – Level 4

### Confusion (Enchantment/Charm)

*Range: Visual range of caster*

*Duration: 2 rounds + 1 round/level*

*Casting Time: 4*

*Area of Effect: 60-foot cube*

*Saving Throw: Special*

This spell causes confusion in one or more creatures within the area, creating indecision and the inability to take effective action. All creatures within the area of affect are allowed saving throws vs. spell with – 2 penalties. Those successfully saving are unaffected by the spell.

The spell lasts for two rounds plus one round for each level of the caster. Those who fail their saving throws will either go berserk, stand confused or wander about for the duration of the spell. Wandering creatures move as far from the caster as possible, according to their most typical mode of movement (characters walk, fish swim, bats fly, etc.). Any *Confused* creature that is attacked perceives the attacker as an enemy and acts according to its basic nature.

### Dimension Door (Alteration)

*Range:* 0

*Duration:* Instant

*Casting Time:* 1

*Area of Effect:* The caster

*A saving Throw:* None

This spell transports the caster to any place within the visual range of the caster. When the spell is cast a dimensional portal opens up in front of the caster, which he immediately steps through.

### Emotion-Hopelessness (Enchantment/Charm)

*Range:* Visual range of caster

*Duration:* 2 rounds + 1 round/level

*Casting Time:* 4

*Area of Effect:* 60-foot cube

*Saving Throw:* Special

When this spell is cast the wizard can affect the emotional state of those around him. The effect of this is to inflict a feeling of hopelessness upon the enemies within the visual sight of the caster. Upon a failed save vs. spell, the effected can be seen to lay down where they stand and appear to give over all will to a higher power. This will last for the duration of the spell upon which they will return to normal.

The secondary effect of this spell is to instill upon the caster the feeling of courage. This will remove any effects of panic and restore his morale, as well as preventing the above from creeping forth into his psyche. There is no save vs. this and it will last for the duration of the spell. It will, however, be affected by magic resistance and other such things.

### Greater Malison (Enchantment/Charm)

*Range:* Visual range of caster

*Duration:* 2 rounds/level

*Casting Time:* 4

*Area of Effect:* Up to

60-foot cube

*Saving Throw:* None

The spell allows the caster to adversely affect all the saving throws of his enemies. The effect is applied to all hostile creature within the area of effect. Opponents under the influence of this spell make all saving throws at a penalty of -2.

### Improved Invisibility (Illusion/Phantasm)

*Range: Touch*

*Duration: 10 rounds*

*Casting Time: 4*

*Area of Effect: Creature touched*

*Saving Throw: None*

This spell is similar to the *Invisibility* spell, but the recipient is able to attack, either by missile discharge, melee combat, or spellcasting, and remain unseen. Note, however, that there are sometimes telltale traces, a shimmering, so that an observant opponent can attack the invisible spell recipient. These traces are only noticeable when specifically looked for (after the invisible character has made his presence known). Attacks against the invisible character suffer -4 penalties to the attack rolls, and the invisible character's saving throws are made with a +4 bonus.

### Minor Globe of Invulnerability (Abjuration)

*Range: 0*

*Duration: 1 round/level*

*Casting Time: 4*

*Area of Effect: 5-foot-radius sphere*

*Saving Throw: None*

This spell creates an immobile, faintly shimmering magical sphere around the caster that prevents any 1st-, 2nd-, or 3rd-level spell effects from penetrating (i.e., the area of effect of any such spells does not include the area of the *Minor Globe of Invulnerability*). This includes innate abilities and effects from devices. However, any type of spell can be cast out of the magical sphere, and these pass from the caster of the globe to their subject without affecting the minor globe. Fourth and higher level spells are not affected by the globe. The globe can be brought down by a successful *Dispel Magic* spell.

### Monster Summoning II (Conjuration/Summoning)

*Range: 40 yards*

*Duration: 12 rounds*

*Casting Time: 4*

*Area of Effect: Special*

*Saving Throw: None*

This spell is much like the 3rd-level *Monster Summoning I* spell, except that this spell summons 12 HD of monsters. These appear anywhere within the spell range and attack the caster's opponents, until the spell duration expires, or the monsters are slain.

## Otiluke's Resilient Sphere (Alteration)

*Range: 0*

*Duration: 1 round/level*

*Casting Time: 1*

*Area of Effect: target creature*

*Saving Throw: Neg*

When this spell is cast, the result is a globe of shimmering force that encloses the subject creature—if it fails to successfully save vs. spell. The resilient sphere will contain its subject for the duration of the spell. The sphere is completely immune to all damage; the only method of removing the sphere is by the use of a *Dispel Magic* spell. Hence the creature caught inside the globe is completely safe from all attacks, but at the same time is completely unable to affect the outside world.

*A convenient way to remove opponents from an encounter until ye are ready to deal with them later - Elminster*

## Polymorph Other (Alteration)

*Range: Visual range of caster*

*Duration: Permanent*

*Casting Time: 4*

*Area of Effect: 1 creature*

*Saving Throw: Neg.*

The *Polymorph Other* spell is a powerful magic that permanently alters the form of the creature affected. Mental attributes are not affected, but the target does not receive the special abilities of the new form. However all physical attributes are changed to adhere to the new form. This is a specific version of the spell in that the recipient will be transformed into a squirrel unless a save vs. petrification/polymorph is made successfully. The transformation is instant and permanent until a *Dispel Magic* is cast successfully upon the affected creature. The natural attacks of the new form also become available and all clothes and equipment that the target was wearing will mold into the new form.

*This spell is the source, I am certain, of many tales of talking beasts and strange occurrences. Either that, or bad ale. - Volo*

## Polymorph Self (Alteration)

*Range: 0*

*Duration: 1 turn*

*+ 3 rounds/level*

*Casting Time: 4*

*Area of Effect: Self*

*Saving Throw: None*

When this spell is cast, the wizard is able to assume the form of another creature. The caster also gains the physical mode of locomotion and breathing as well. This

spell does not give the new form's other abilities such as special attacks and magic, nor does it run the risk of the wizard changing personality and mentality.

When the spell is cast, for the duration of the spell the caster may transform into any of the new forms at any time, and as many times as he wishes. The caster gains the natural attacks of the new form in some cases and may use weapons in others. The mental attributes of the wizard remain the same, however all the physical attributes are attained from the new form. Also, any natural protections that the new form offer are conferred to the wizard, such as the resistance to missile and blunt weapons possessed by a slime.

*A powerful spell when used properly, but the downfall of many as well.  
Do not forget your underlying strengths and weaknesses - though ye might  
look like a giant and act like a giant, a giant ye are not! - Elminster*

### Remove Curse (Abjuration)

*Range: Touch*

*Duration: Permanent*

*Casting Time: 4*

*Area of Effect: Special*

*Saving Throw: Special*

Upon casting this spell, the wizard is usually able to remove a curse on an object, on a person, or in the form of some undesired sending or evil presence. Note that the *Remove Curse* spell does not remove the curse from a cursed shield, weapon, or suit of armor, for example, although the spell typically enables the person afflicted with any such cursed item to get rid of it. Certain special curses may not be countered by this spell, or may be countered only by a caster of a certain level or more.

### Spirit Armor (Necromancy)

*Range: Touch*

*Duration: 3 turns*

*Casting Time: 3*

*Area of Effect: 1 creature*

*Saving Throw: None*

This spell is very similar to the 3rd level spell *Ghost Armor* in that it creates a corporeal barrier around the target's body for the duration of the spell. This spell however, actually taps in to the target's life force in order to create the barrier. The armor itself is weightless, and does not hinder movement or spell casting at all.

The *Spirit Armor* does not work cumulatively with any other armor, however dexterity bonus' still apply as well as magic rings and a shield. While in effect

the AC (armor class) of the recipient will be 1, as if he was wearing plate mail. Also, due to the magical nature of the spell, he will also receive a +3 bonus to save vs. magical attacks.

There is a danger however, as when the spell runs out the external portion of the spirit is temporarily lost, inflicting 2d4 points of damage upon the target.

## Mage Spells – Level 5

---

### Animate Dead (Necromancy)

*Range: 10 yards*

*Duration: 8 hours*

*Casting Time: 1 round*

*Area of Effect: Special*

*Saving Throw: None*

This spell creates the lowest of the undead monsters, (skeletons) usually from the bones or bodies of dead humans, demihumans, or humanoids. The spell causes these remains to become animated and obey the simple verbal commands of the caster, regardless of how they communicated in life. The skeletons or zombies can follow the caster, remain in an area and attack any creature (or just a specific type of creature) entering the place, etc. The undead remain animated until they are destroyed in combat, 8 hours pass, or are turned; the magic cannot be dispelled. The mage can animate one skeleton for each experience level he has attained.

### Chaos (Enchantment/Charm)

*Range: Visual range of caster*

*Duration: 3 rounds + 1 round/level*

*Casting Time: 4*

*Area of Effect: 60-foot cube*

*Saving Throw: Special*

The effects of this spell are identical to the 4th level spell *Confusion* in all respects. The victims wander around as if in a daze, sometimes wandering away, sometimes attacking, either friend or foe. If the victim is 4th level or lower, he does not receive a saving throw versus the effects. However if the victim is 5th level or higher, he receives a save vs. spell at -4. The spell lasts for the duration or until a successful *Dispel Magic* is cast.

### Cloudkill (Evocation)

*Range: 10 yards*

*Duration: 1 round/level*

*Casting Time: 5*

*Area of Effect: 40' wide,*

*20' high, 20' deep cloud*

*Saving Throw: None*

This spell generates a billowing cloud of ghastly yellowish green vapors that is so toxic as to slay any creature with fewer than 4 + 1 Hit Dice, and cause creatures with 4 + 1 to 6 Hit Dice to roll saving throws vs. poison with - 4

penalties or be slain. Holding one's breath has no effect on the lethality of the spell. Those above 6th level (or 6 Hit Dice) must leave the cloud immediately or suffer 1d10 points of poison damage each round while in the area of effect.

*Caution is required when using on a windy day! - Elminster*

### **Domination (Enchantment/Charm)**

*Range: Visual range of caster*

*Area of Effect: 1 creature*

*Duration: 12 hours*

*Saving Throw: Neg.*

*Casting Time: 5*

The *Domination* spell enables the caster to control the actions of any creature while the spell is in effect. This control is maintained through a telepathic link between the caster and the victim. Unlike the 4th level priest spell *Mental Domination*, the target has no option for release, even if made to do something against his morals, except of course a *Dispel Magic*. The target gets a saving throw vs. spell at -2 in order to avoid the effect.

### **Feeblemind (Enchantment/Charm)**

*Range: Visual range of caster*

*Area of Effect: 1 creature*

*Duration: permanent*

*Saving Throw: Neg*

*Casting Time: 5*

Feeblemind causes the subject's intellect to degenerate to that of a moronic child. The subject remains in this state until a successful *Dispel Magic* is cast upon him. The victim must make a save vs. spell at -2 in order to avoid the effect.

### **Hold Monster (Enchantment/Charm)**

*Range: Visual range of caster*

*Area of Effect: 5 foot radius*

*Duration: 1 round/level*

*from target*

*Casting Time: 5*

*Saving Throw: Neg*

This spell holds 1d4 creatures of any type rigidly immobile and in place for nine or more rounds, unless a save vs. spells is made with a -2 penalty.

The effect is centered on the victim selected by the caster. Every enemy within 5 feet of the target is also effected. Those who succeed on their saving throws are totally unaffected by the spell. Undead creatures cannot be held.

Held creatures cannot move or speak, but they remain aware of events around them and can use abilities not requiring motion or speech. Being held does not prevent the worsening of the subjects' condition due to wounds, disease, or poison.

### Monster Summoning III (Conjuration/Summoning)

*Range: 40 yards*

*Area of Effect: Special*

*Duration: 12 minutes (1 minute)*

*Saving Throw: None*

*Casting Time: 5*

This spell is much like the 3rd-level *Monster Summoning I* spell, except that this spell summons 16 HD of monsters. These appear within spell range and attack the caster's opponents, until the spell duration expires, or the monsters are slain.

### Shadow Door (Illusion/Phantasm)

*Range: 10 yards*

*Area of Effect: Special*

*Duration: 1 round level*

*Saving Throw: None*

*Casting Time: 2*

By means of this spell, the wizard creates the illusion of a door. The illusion also permits the wizard to appear to step through this "door" and disappear. In reality he has darted aside and can flee, totally invisible (as per the Improved Invisibility spell), for the spell duration. A true seeing spell, a gem of seeing, or similar magical means can discover the wizard.

## Priest Spells – Level 4

---

### Animal Summoning I (Conjuration, Summoning)

*Range: One exterior area*

*Area of Effect: Special*

*Duration: 24 minutes*

*Saving Throw: None*

*Casting Time: 7*

By means of this spell, the caster calls up to eight animals that have 4 Hit Dice or less, of whatever sort the caster names when the summoning is made. The type of animals that come depend on the surroundings of the caster at the time of the spell.

### Cure Serious Wounds (Necromancy)

*Range: Touch*

*Area of Effect: Creature*

*Duration: Permanent*

*touched*

*Casting Time: 7*

*Saving Throw: None*

This spell is a more potent version of the *Cure Light Wounds* spell. When laying his hand upon a creature, the priest heals 17 points of wound or other injury damage to the creature's body. This healing cannot affect noncorporeal, nonliving, or extraplanar creatures.

## Defensive Harmony (Enchantment/Charm)

*Range: Caster*

*Duration: 6 rounds*

*Casting Time: 1*

*Area of Effect: 10' radius*

*Saving Throw: None*

*Defensive Harmony* grants affected creatures a defensive bonus by bestowing an enchanted coordination of their attacks and defenses. This allows a group of creatures to act as a single unit for a single battle or encounter. The effect is always centered on the caster but affects all those within a 10 foot radius. The affected can move outside of this area after the spell is cast and still enjoy the benefits of the harmony. While the spell is in effect, each affected creature gains a +2 bonus to his armor class. This lasts for 10 rounds or until successfully dispelled.

## Free Action (Abjuration)

*Range: Touch*

*Duration: 5 rounds + 1 round/level*

*Casting Time: 5*

*Area of Effect: Creature touched*

*Saving Throw: None*

While under the effects of this spell, the recipient becomes immune to anything that limits his movement. This includes the effects of *Web*, *Hold Person*, *Grease* and *Entangle*.

*This is an important spell to allow warriors to close with your enemies - especially if those enemies are competent spell casters. - Elminster*

## Mental Domination (Enchantment/Charm)

*Range: Visual range of caster*

*Duration: 3 rounds/level*

*Casting Time: 4*

*Area of Effect: 1 creature*

*Saving Throw: Neg.*

When cast upon a subject, he must make a save vs. spell at -2 in order to avoid the priest entering his mind. The effects of this spell are similar to the wizard spell *Domination*, with a few minor differences. First this spell gives the priest no access to the subject's thoughts, memory, or sensory apparatus. The priest simply is able to command the subject to perform certain tasks or functions during the spell duration. To control the subject the priest must be within range and must be able to see the subject. Also, this requires a moderate amount of concentration from the priest, so he may enter combat and attack, however he cannot cast another spell.

## Neutralize Poison (Necromancy)

*Range: Touch*

*Duration: Instant*

*Casting Time: 1*

*Area of Effect: Creature touched*

*Saving Throw: None*

When this spell is placed upon a poisoned individual, it immediately neutralizes any poison and restores 10 lost hit points.

## Protection From Evil 10' radius (Abjuration)

*Range: Touch*

*Duration: 1 turn/level*

*Casting Time: 7*

*Area of Effect: 10' radius*

*Saving Throw: None*

When this spell is cast, all creatures within a 10' radius are affected individually by *Protection from Evil*. It creates a magical barrier around the recipients at a distance of one foot. The barrier moves with the recipient and has two major effects: First, all attacks made by evil or evilly enchanted creatures against the protected creature receive a penalty of -2 to each attack roll, and second any saving throws caused by such attacks are made by the protected creature with a +2 bonus.

## Protection From Lightning (Abjuration)

*Range: Touch*

*Duration: 5 rounds/level*

*Casting Time: 7*

*Area of Effect: Creature touched*

*Saving Throw: None*

When the spell is cast it confers complete invulnerability to electrical attack such as dragon breath or magical attacks such as *Lightning Bolt*, *Shocking Grasp* etc.. The protection will last for the duration of the spell or until successfully dispelled.

## Priest Spells – Level 5

### Animal Summoning II (Conjuration/Summoning)

*Range: 60 yards/level*

*Duration: 24 minutes*

*Casting Time: 8*

*Area of Effect: Special*

*Saving Throw: None*

By means of this spell, the caster calls up to six animals that have 8 Hit Dice or less. Only animals within range of the caster at the time the spell is cast will come. The animals summoned aid the caster by whatever means they possess, staying until the spell duration expires. Only normal or giant animals can be summoned; fantastic animals or monsters cannot be summoned by this spell (no chimerae, dragons, gorgons, manticores, etc.).

### Champion's Strength (Alteration)

*Range: Visual range of caster*

*Duration: 3 rounds/level*

*Casting Time: 2*

*Area of Effect: One creature*

*Saving Throw: None*

When this spell is cast, the priest effectively draws on the strength of his god's strength and lends it to the target creature, in effect creating a champion. The target gains a bonus to his THACO at a rate of 1 for every 3 levels of the caster. (A 9th level priest would confer a THACO bonus of 3 to the target, etc.) Also the target's strength is set to 18/00 for the duration of the spell, with all the bonuses to hit and damage that this strength confers. Note that if the target's strength is above 18/00, it will actually be reduced to this value.

The drawback to this spell is that the priest must concentrate on the connection between the target and his god for the duration of the spell, hence losing the ability to cast any additional spells during this time. The effect lasts for 3 rounds for every level of the caster or until dispelled.

### Chaotic Commands (Enchantment/Charm)

*Range: Visual range of caster*

*Duration: 1 turn/level*

*Casting Time: 3*

*Area of Effect: One creature*

*Saving Throw: None*

Chaotic Commands renders a creature immune to magical commands. *Suggestion, Charm, Domination, Command, Sleep, Confusion* are all spells that fit into this category. The spell affects only one creature and lasts for the duration or until dispelled.

## Cure Critical Wounds (Necromancy)

*Range: Touch*

*Duration: Permanent*

*Casting Time: 8*

*Area of Effect: Creature  
Touched*

*Saving Throw: None*

The *Cure Critical Wounds* spell is a very potent version of the *Cure Light Wounds* spell. The priest lays his hands upon a creature and heals 27 points of damage from wounds or other injuries. The spell does not affect creatures without corporeal bodies, those of extraplanar origin, or those not living.

## Flame Strike (Evocation)

*Range: Visual range of caster*

*Duration: Instantaneous*

*Casting Time: 8*

*Area of Effect: Target  
creature*

*Saving Throw: 1/2*

When the priest calls down a *Flame Strike* spell, a vertical column of fire roars downward in the exact location called for by the caster. The target must roll a saving throw vs. spell. Failure means the creature sustains 8d8 points of damage; otherwise, the damage is halved.

## Raise Dead (Necromancy)

*Range: Visual range of caster*

*Duration: Permanent*

*Casting Time: 1 round*

*Area of Effect: 1 person*

*Saving Throw: Special*

When the priest casts a *Raise Dead* spell, he can restore life to a dwarf, gnome, half-elf, halfling, elf or human. Note that the body of the person must be whole, or otherwise missing parts are still missing when the person is brought back to life. The person has but 1 hit point when raised and must regain the rest by natural healing or curative magic.

*The power of life over death. Use it wisely. - Elminster*

## Strength

**Hit Adj:** Added or subtracted from the attack roll during combat. A positive number makes the opponent easier to hit.

**Dam Adj:** Added or subtracted from the damage inflicted by a successful melee attack.

**Wt Allow:** The characters weight allowance — how much they can carry without being encumbered.

**Bashing %:** This is the percentage chance a character has to bash open a locked door or chest.

## Dexterity

**Miss. Att Adj:** Added or subtracted from the to-hit roll when using a ranged weapon. A positive number makes the opponent easier to hit.

**AC Adj:** Added or subtracted from the character's AC. Since a lower AC is better, a lower or more negative number is better.

## Constitution

**HP Adj:** This number is added to the Hit Point roll a character makes when going up a level or when starting the game. Numbers in parenthesis are for warriors only.

## Intelligence

**Spell Level:** The highest level of spells a wizard with this intelligence can comprehend and use.

**% to Learn Spell:** The percentage chance that a wizard can learn a spell and add it to his spellbook. This number also represents the wizard's chance to successfully cast a spell from a scroll. For every spell level higher than the wizard can comprehend, the wizard receives a -10% penalty. For example, a wizard who can cast 3rd-level spells trying to use a 5th-level spell scroll, has a -20% penalty.

**Max # Spells/Level:** This is the maximum number of spells that a wizard can have in his spell book per level of spell. That is, a 3rd-level wizard with an Intelligence of 16 could learn a maximum of 11 1st-level and 11 2nd-level spells.

**Lore Bonus:** This bonus is added to the character's Lore ability. This is cumulative with the Lore bonus for Wisdom.

## Wisdom

**Bonus Spells:** This is the number of additional spells a priest receives for exceptional Wisdom. The bonus spells are cumulative as you move down the table. Thus, a priest with a 17 in Wisdom gains two 1st-, two 2nd-, and one 3rd-level spell as bonuses to their normal spellcasting abilities. These spells become available only when the priest can normally access spells of the appropriate level.

**% Spell Failure:** The chance that a spell attempt by a priest or druid character will fail before being successfully cast.

**Lore Bonus:** This bonus is added to the character's Lore ability. This is cumulative with the Lore bonus for Intelligence.

## Charisma

**Reaction Adj:** This is the penalty or bonus due the character when dealing with NPCs or intelligent creatures.

For encounter reactions, the computer generates a number between 8 and 12, and then applies the modifier. The results indicate the reaction of the encounter to your party:

- 1-7: Hostile reaction
- 8-14: Neutral reaction
- 15-20: Friendly reaction

\*Some shields are heavier than others and they offer increasingly better protection. Here are the effects of shields in the game:

**Buckler:** gives a –1 to Armor Class but does not protect against missile or piercing weapons.

**Small Shield:** gives –1 to Armor Class, but it does not protect against missile weapons.

**Medium Shield:** gives –1 to Armor Class

**Large Shield:** gives –1 to Armor Class and –2 against missile weapons

## Interplay Limited 90-Day Warranty

Interplay warrants to the original purchaser of this Interplay Productions™ product that the compact disc or floppy disk(s) on which the software programs are recorded will be free from defects in material and workmanship for 90 days from the date of purchase. If the compact disc or floppy disk(s) is found defective within 90 days of original purchase, Interplay agrees to replace, free of charge, any product discovered to be defective within such period upon receipt at its factory service center of the product, postage paid, with proof of the date of purchase. This warranty is limited to the compact disc or floppy disk(s) containing the software program originally provided by Interplay and is not applicable to normal wear and tear. This shall be void if the defect has arisen through abuse, mistreatment, or neglect. Any implied warranties applicable to this product, including warranties of merchantability and fitness for a particular purpose are disclaimed. Interplay disclaims all responsibility for incidental or consequential damages.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages so the above limitations and/or exclusions or liability may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

### Limited Warranty

If the compact disc or floppy disk(s) should fail after the original 90-day warranty period has expired, you may return the software program to Interplay at the address noted below with a check or money order for \$5.00 (U.S. currency), which includes postage and handling, and Interplay will mail a replacement to you. To receive a replacement, you need to enclose the original defective compact disc or floppy disk(s) in protective packaging accompanied by: (1) a \$5.00 check or money order, (2) a brief statement describing the defect, and (3) your return address. If you have a problem with your software, you may wish to call us first at (949) 553-6678. If your compact disc is defective and a replacement is necessary, U.P.S. or registered mail is recommended for returns. Please send the defective disc(s) only (not the box) with a description of the problem and \$5.00 to:

### Copying Prohibited

This software product and the manual are copyrighted and all rights are reserved by Interplay Productions and are protected by the copyright laws that pertain to computer software. You may not copy the software. You may not loan, sell, rent, lease, give, sub license, or otherwise transfer the software (or any copy). You may not modify, adapt, translate, create derivative works, decompile, disassemble, or otherwise reverse engineer or derive source code from all or any portion of the software or anything incorporated therein or permit or encourage any third party to do so.

Notice: Interplay reserves the right to make modifications or improvements to the product described in the manual at any time and without notice.

## Software Use Limitations And Limited License

This copy of Baldur's Gate Tales of the Sword Coast (the Software) is intended solely for your personal noncommercial home entertainment use. You may not decompile, reverse engineer, or disassemble the Software, except as permitted by law. Interplay Productions retains all right, title and interest in the Software including all intellectual property rights embodied therein and derivatives thereof. The Software, including, without limitation, all code, data structures, characters, images, sounds, text, screens, game play, derivative works and all other elements of the Software may not be copied, resold, rented, leased, distributed (electronically or otherwise), used on pay-per-play, coin-op or other for-charge basis, or for any commercial purpose. Any permissions granted herein are provided on a temporary basis and can be withdrawn by Interplay Productions at any time. All rights not expressly granted are reserved.

**Modem and Network Play:** If the Software contains modem or network play, you may play the Software via modem transmission with another person or persons directly without transmission through a third party service or indirectly through a third party service only if such service is an authorized licensee of Interplay. For the purposes of this license, a third party service refers to any third party service which provides a connection between two or more users of the Software, manages, organizes, or facilitates game play, translates protocols, or otherwise provides a service which commercially exploits the Software, but does not include a third party service which merely provides a telephonic connection (and nothing more) for modem or network play. Authorized licensee services are listed on the Interplay Productions World Wide Web Site located at <http://www.interplay.com>. This limited right to transmit the Software expressly excludes any transmission of the Software or any data streams thereof on a commercial basis, including, without limitation, transmitting the Software by way of a commercial service (excepting those specific commercial services licensed by Interplay) which translates the protocols or manages or organizes game play sessions. If you would like information about obtaining a pay-for-play or commercial license to the Software, please call Interplay Productions in the US at (949) 553-6655.

**Acceptance of License Terms:** By acquiring and retaining this Software, you assent to the terms and restrictions of this limited license. If you do not accept the terms of this limited license, you must return the Software together with all packaging, manuals and other material contained therein to the store where you acquired the Software for a full refund.

## Interplay Website

Welcome to the Interplay Web! As a company dedicated to providing innovative, high-quality interactive entertainment software, we are always striving to stay as close as possible to the leading edge of technology. This Web site is the latest example of our ongoing effort to provide a wealth of information and opportunities to you.

As a company of fanatic gamers, we love the idea of gamers all over the world tapping into cyberspace to see, touch and feel our latest games. No hype, no marketing campaign; just great games. To make it work, our goal is to keep this site fresh and new, to make it a place where you can tell US what you like about our games... and what you don't like about them. So use the feedback options on these pages and sound off.

Enjoy your visit in our Web site, explore all the different areas we have to offer, and come back soon. Check us out in the weeks and months ahead; we will be introducing new and exciting areas for you to experience.

Once again, welcome.

# PLANE SCAPE™ TORMENT™

Sigil, the "City of Doors," a place with gates that lead anywhere in existence, provided you have the proper key. It is neutral ground and a watering hole for races across the multiverse, all under the watchful shadow of the Lady of Pain, the enigmatic ruler of the city. It is a place where the word is mightier than the sword, where thought defines reality, where belief has the power to reshape worlds and change the laws of physics...Welcome.
